

**National Missing Children's Day
Poster Contest
Ohio Winners**

1st Place Megan Charron of State Road Elementary in Parma Ohio. Her teacher is Mrs. Sally Petrus and Principal is Mrs. Jill Zidow. Megan enjoys soccer and basketball. She is also in the Color Guard and Girl Scouts.

When asked to explain her poster, she wrote: I just thought of all the children who have lost their families, and families who have lost their children. I hope this picture will inspire people to help find and return the lost children to their homes. When I wrote, "Please Help Find the Missing Pieces of Families!" I thought of the families who have missing pieces in their hearts because of their lost children. Families like this deserve to have whole hearts and no missing pieces. The reason I drew the dream in the picture because every lost child dreams of reuniting back with their families.
