Help us Find The Path way Home

Amber Alert
"HOME IS WHERE WE BELONG"

National Missing Children's Day Poster Contest

Ohio Winners

2nd Place: Jillian Vala is from St. Paschal Baylon School. Her teacher is Mr. Bednar. She enjoys sports and is in the band.

When asked about her poster, she wrote: This picture represents a pathway that is in the middle of no where and could be led to somewhere great. That somewhere great is called HOME. I put a child in each cloud because they will keep floating away if someone doesn't help them. I used the world as the sun because this is happening all over the world. I wrote "Home is where we belong" in the grass because everyone belongs at home. And lastly, I drew a face that is kind of faded away because kids will keep fading away if we don't help.
