

Bring Our Missing Children Home!

National Missing Children's Day Poster Contest

Ohio Winners

3rd Place: Brianna Moore is from Bevis Elementary. Her teacher is Mr. Climer. She enjoys art and plays the violin.

When asked about her poster, she wrote: My picture has different symbolic meaning about the theme of Bring Our Missing Children Home. The shadows of the bad people are symbolizing the people who steal the children. The room filled with the crying people represent the parents who are worried and thinking about their missing child. The broken heart symbol represents the parents and family member who are broken hearted.
